

**Do you work at  
a company that develops AI?**

**Help make AI safe  
Interview for our research study!**

## Our Goal

**Help tech companies  
develop AI in socially responsible ways**

by producing actionable governance guidelines that are based on empirical research.

## How to help

- **Consider contributing to this research!**

We are looking to interview people who work in companies that develop AI. Not just engineers! Participation would be confidential and anonymous.

- **Help us spread the word!**

Share this pdf with relevant people and groups.

**More information is here.  
Express interest here.**
